

Agenda

Navigation Systems Research Area Program Review 19-21 March 2001

DFW Hyatt Regency Hotel

Participants: Field Review Groups, Major Subordinate Command representatives, Headquarters monitors and R&D Program Managers.

Purposes: Navigation Systems Research Area

1. Review and revise navigation trends and needs produced by Dec 2000 workshop.
2. Adopt future operating capabilities.
3. Review existing Navigation Systems Area R&D programs' products.
4. Establish priorities for strategic R&D initiatives
5. Devise draft process for MSC involvement.

Purposes: Flood and Coastal Protection Research Area

1. Conduct flood and storm damage reduction workshop to identify future strategic R&D needs.
2. Adopt future operating capabilities.
3. Review existing Flood and Coastal Protection area R&D programs' products.
4. Establish priorities for strategic R&D initiatives.
5. Devise draft process for MSC involvement.

Monday, 19 March – Navigation Systems Program

1:00	Welcome	McAnally
1:10	Opening Comments, New R&D Management	Mathis
1:30	Navigation Strategy and Needs	Holliday
2:00	MSC Roles	Carr
2:30	Technical Support Initiative	Mathis
3:00	Break	
3:30	Results from Dec 2000 Navigation Workshop	McAnally

Navigation Systems Research and Development Programs

4:15	Inland Navigation	Maynord
5:00	Adjourn for the Day	

Tuesday, 20 March – Navigation Systems Program

Navigation Systems Research and Development Programs (continued)

8:00	Coastal Navigation	Bottin
9:00	Coastal Inlets	Kraus
10:00	Break	
10:30	Dredging Operations and Environmental	Engler
11:30	Lunch	
12:30	Innovations for Navigation	Woodson

Navigation-Related Programs

1:30	DOTS Technical Support	Engler
2:00	Monitoring Completed Navigation Projects	Bottin
2:40	Break	
3:10	Coastal Field Data Collection	Bottin
3:50	Levels of Service	Mutschler
4:30	National Demo Program – Regional Sediment Mgmt.	Chesnutt
5:00	Adjourn for the Day	

Wednesday, 21 March – Navigation Systems and Flood and Coastal Protection Programs

Joint Plenary Session

8:00	Introduction to Strategic Initiatives	Richardson
8:15	Regional Sediment Management	McAnally
8:45	Urban Flood Damage	Combs
9:15	System-Wide Modeling and Assessment	Barko
9:45	Navigation 2020	Woodson
10:15	Break	
10:30	Discussion	
11:00	Cold Regions Engineering Program	White
11:45	Results of Infrastructure Workshop	Hynes
12:00	Navigation Systems Program Review Adjourns	
12:00	Lunch
